Artist Bio

» ALI FARKA TOURE BAND

Ali Farka Touré Band is composed entirely of musicians who travelled the world with the legendary musician of Malian Blues and triple Grammy award winner such as singer (Afel Bocoum) and the master of the guitar (Mahmoudou Kelly). To commemorate the 10th anniversary of Ali Farka Touré's death, the former band members have gathered together to revive his entire repertoire.

» TERAKAFT (SHORT BIO / PRESENTATION)

Often dubbed as pioneers of Desert-Rock, Terakaft is a Tuareg band from Mali featuring founding members of Tinariwen. Their last release "Alone" was partly recorded at the famous Real World Studios and produced by Justin Adams, the British musician/ producer who has delved deep into Tuareg music and is known through his work with Robert Plant, Tinariwen and Juldeh Camara.

He has geared up "The Caravan" to reach new shores and hit the dance floors. In these troubled times, they have made an album together, that presents the deep Saharan rhythms as a vital contemporary heartbeat. Standing on the ruins of their people's dreams they sing to their brothers and sisters about true friendship and tolerance.
